

CANDELARIA  
AGAVE MENU  
SPRING 2024

**A Special thanks to Michael at El Destilado,  
& Romain at Del Maguey / Bibine Club  
for all their support and assistance, both with this  
menu & everything before...**

**"Para todo mal, mezcal, y para todo bien, también."**

**"For everything bad, mezcal,  
and for everything good, as well."**

# WHAT IS AGAVE?

Agave drinks form the national beverages of Mexico. A set of alcoholic drinks made from any number of agave, both wild & farmed.

Agaves or Magueys, as they may also be known are found throughout Mexico and have been used for centuries. They are harvested when mature. Then the Pina, the centre of the agave, are cooked, often in a large pit, then fermented, distilled & left to rest in glass or plastic. For Mezcal this is a family tradition, passed down through generations.

Agave's most famous spirit is Tequila. Now more commonly harvested & farmed and made only from a single Agave species, A. Tequilana Weber sub. Azul, consistently among the tops selling products in the world.

We have arranged this menu by the most prominent flavour we found as a team, if you find something different as you try be sure to let us know as the flavour can change as the mezcal ages.

If you cannot decide our team can always help you find your way.
